

BOARD MEETING HIGHLIGHTS

ANCHORAGE INDEPENDENT SCHOOL DISTRICT

Monday, March 25, 2024

Three students from Mrs. Broyles' Technology class, Ana Maria Focsa, Louisa Reardon and Willa Newel, were recognized for designing the Commemorative Banner representing the Anchorage Independent School District at the 2024 Annual Kentucky School Board Association Annual Conference.

During the meeting, the board heard staff reports on personnel, conference participation, CO2 levels, school activities, school council meetings, 8th grade high school placement test results, Ohio Valley Educational Cooperative activities, and delinquent taxes.

In addition to monthly consent items, the board approved revisions to the 2024-25 school calendar, awarded contracts for painting the auditorium and middle school areas, and authorized bidding of outstanding items on the middle school revitalization scope. Consulting agreements were approved for services related to schedule development, school administration transition and 8th-grade student goal setting.

Auditorium Update

G. Scott & Associates, Architects PLC gave an in-depth presentation to the board on findings of existing conditions in the space, construction drawings for the summer 2024 scope of the project, and a preview of work in-process related to the summer 2025 portion of the project. The 2024 summer work plan is plaster repair, painting, some electrical modifications and carpentry including ADA compliance updates to the stage. The board accepted construction documents for the auditorium renovation, authorized advertisement for bidding, and approved the BG-1 for submission to KDE. The board also entered into an External Partnership Agreement with the APTA at the meeting to help fund portions of the work planned for 2025. The board thanks the APTA for this generous financial commitment to the project and looks forward to continuing to work with APTA and ACT to make the vision for the space become an exciting reality for our students, staff and community.
